QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Table of Contents

Q: How does the board of directors recommend that I vote?

A: Our board of directors recommends that you vote your shares (1) FOR each of the nominees to the board of directors, (2) FOR the ratification of our independent registered public accounting firm for the 2007 fiscal year, (3) FOR the amendment to our 2004 Stock Plan to increase the number of authorized shares of Class A common stock issuable thereunder by 4.5 million, (4) FOR the Executive Bonus Plan and (5) AGAINST the stockholder proposal.

Q: What shares can I vote?

A: Each share of Google Class A common stock and Class B common stock issued and outstanding as of the close of business on March 22, 2007, the Record Date, is entitled to be voted on all items being voted on at the annual meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record* and (2) shares held for you as the beneficial owner in street name through a broker, trustee or other nominee such as a bank. On the Record Date we had approximately 311,367,047 shares of common stock issued and outstanding, consisting of 230,957,170 shares of Class A common stock and 80,409,877 shares of Class B common stock.

Q: To how many votes am I entitled per share?

A: Each holder of shares of Class A common stock is entitled to one vote for each share of Class A common stock held as of the Record Date, and each holder of shares of Class B common stock is entitled to ten votes for each share of Class B common stock held as of the Record Date. The Class A common stock and Class B common stock are voting as a single class on all matters described in these proxy materials for which your vote is being solicited.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most Google stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by Google. As the *stockholder of record*, you have the right to grant your voting proxy directly to Google or to vote in person at the annual meeting. Google has enclosed or sent a proxy card for you to use.

Beneficial Owner

If your shares are held in a brokerage account, trust or by another nominee, like a vast majority of our shareholders, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card by your broker, trustee or nominee, as the case may be. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote your shares, and you are also invited to attend the annual meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or other nominee how to vote your shares.

Table of Contents

Q: How can I attend the annual meeting?

A: You are entitled to attend the annual meeting only if you were a Google stockholder or joint holder as of the Record Date or you hold a valid proxy for the annual meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to March 22, 2007, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting. For security reasons, you will be subject to search prior to your admittance to the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card or, if you vote by telephone or internet, indicating your plans when prompted.

The meeting will begin promptly at 2:00 p.m., local time. Check-in will begin at 12:30 p.m. local time, and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the annual meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the annual meeting. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy by one of the methods described below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

By Internet Stockholders of record of Google common stock with internet access may submit proxies by following the Vote by Internet instructions on their proxy cards until 1:00 a.m., Central Time, on May 10, 2007. Most Google stockholders who hold shares beneficially in street name may vote by accessing the web site specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for internet voting availability.

Edgar Filing: Google Inc. - Form DEF 14A

By Telephone Stockholders of record of Google common stock who live in the United States or Canada may submit proxies by following the **Vote by Phone** instructions on their proxy cards until 1:00 a.m., Central Time, on May 10, 2007. Most Google stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for telephone voting availability.

By Mail Stockholders of record of Google common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. Google stockholders

Table of Contents

who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to Google's Corporate Secretary at Google Inc., 1600 Amphitheatre Parkway, Mountain View, CA 94043 prior to your shares being voted, or (3) attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instruction they provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Google or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to Google management.

Q: How many shares must be present or represented to conduct business at the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of the voting power of the issued and outstanding Class A and Class B common stock of Google must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote **FOR** all or some of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For the other items of business, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you elect to **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the board of directors.

Q: What is the voting requirement to approve each of the proposals?

A: In the election of directors, the ten persons receiving the highest number of affirmative FOR votes at the annual meeting will be elected.

The affirmative FOR vote of a majority of the votes cast on the proposal is required to approve (1) the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, (2) an amendment to our 2004 Stock Plan to increase the number of shares of Class A common stock issuable thereunder the 2004 Stock Plan by 4,500,000, (3) the Executive Bonus Plan, and (4) the stockholder proposal.

Table of Contents

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter.

Q: Is cumulative voting permitted for the election of directors?

A: No. You may not cumulate your votes for the election of directors.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the five items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Eric Schmidt, George Reyes and David Drummond, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Q: Who will serve as inspector of elections?

A: The inspector of elections will be a representative from Computershare Trust Company, N.A.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each Google proxy card and voting instruction card that you receive.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Google will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the

Edgar Filing: Google Inc. - Form DEF 14A

solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Inc. to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Georgeson Inc. a fee of \$4,500 plus customary costs and expenses for these services. Google has agreed to indemnify Georgeson Inc. against certain liabilities arising out of or in connection with its agreement.

Q: Where can I find the voting results of the annual meeting?

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter ending June 30, 2007.

Q: What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

A: You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Board of Directors Independence

The board of directors has determined that each of the director nominees standing for election, except Eric Schmidt, Sergey Brin and Larry Page, has no relationship which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined in the marketplace rules of The Nasdaq Stock Market. In determining the independence of our directors, the board of directors has adopted independence standards that mirror exactly the criteria specified by applicable laws and regulations of the Securities and Exchange Commission (the SEC) and The Nasdaq Stock Market rules. In making the determination of the independence of our directors, the board of directors considered all transactions in which Google and any director had any interest, including those discussed under Certain Relationships and Related Transactions below, transactions involving payments made by Google to companies in the ordinary course of business where L. John Doerr, John L. Hennessy, Arthur D. Levinson, Ann Mather, Michael Moritz, Paul S. Otellini or K. Ram Shriram serve on the board of directors or as a member of the executive management of the other company, a transaction in which Google acquired another company where Michael Moritz beneficially owned shares of the capital stock of the other company and transactions involving payments made by Google to educational institutions with which John L. Hennessy and Shirley M. Tilghman are affiliated.

be met by each candidate for the board of directors or specific qualities or skills that are necessary for one or more of the members of the board of directors to possess. Identification and Evaluation of Nominees for Directors

Our Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating nominees for director. Our Nominating and Corporate Governance Committee regularly assesses the appropriate size and composition of the board of directors, the needs of the board of directors and the respective committees of the board and the qualifications of candidates in light of these needs. Candidates may come to the attention of the Nominating and Corporate Governance Committee through stockholders, management, current members of the board of directors or search firms. The evaluation of these candidates may be based solely upon information provided to the committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the committee deems appropriate, including the use of third parties to review candidates.

PROPOSAL NUMBER 3

APPROVAL OF AN AMENDMENT TO GOOGLE S 2004 STOCK PLAN

At the annual meeting, the stockholders will be asked to approve an amendment to the Google Inc. 2004 Stock Plan (the Plan) in order to increase by 4,500,000 the maximum number of shares of our Class A common stock that may be issued under the Plan.

In January 2007, the Leadership Development and Compensation Committee (the Committee) recommended, and the full board of directors adopted, subject to stockholder approval, an amendment to the Plan to increase the share reserve by 4,500,000 shares of Class A common stock. Our stockholders have previously authorized us to issue under the Plan up to a total of 17,931,660 shares of Class A common stock, subject to adjustment upon certain changes in our capital structure.

The Committee and the full board of directors believe that in order to successfully attract and retain the best possible candidates, we must continue to offer a competitive equity incentive program. As of December 31, 2006, only 6,985,465 shares of our Class A common stock remained available for future grant of stock awards under the Plan, a number that the Committee and the full board of directors believes to be insufficient to meet our anticipated needs. Therefore, the Committee recommended, and the full board of directors approved, subject to stockholder approval, an amendment to increase the maximum number of shares of Class A common stock issuable under the Plan by 4,500,000 shares to a total of 22,431,660 shares of our Class A common stock, subject to adjustment upon certain changes in our capital structure.

Summary of the Plan

The following summary of the Plan is qualified in its entirety by the specific language of the Plan as proposed to be amended, which is included in this proxy statement as Appendix A.

General. Our board of directors originally adopted the Plan in April 2004, and it was subsequently approved by our stockholders in June 2004. In April 2005, our board of directors approved an amendment and restatement of the Plan and stockholders approved the amended and restated Plan in May 2005. In March 2006, our board of directors adopted an amendment to the Plan to increase the share reserve by 4,500,000 shares of Class A common stock and our stockholders approved the amendment in May 2006. The Plan provides for the grant of incentive stock options, within the meaning of Section 422 of the Code, to our employees and nonstatutory stock options, restricted stock, stock appreciation rights, performance units, performance shares, restricted stock unit (which we refer to as Google Stock Units) and other stock based awards (each, an award) to our employees, directors, and consultants. The purpose of the Plan is to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to our employees, directors and consultants and employees and consultants of our parent and subsidiary companies and to promote the success of our business.

Common Stock Available Under the Plan. Assuming stockholders approve this proposal, a total of 22,431,660 shares of Class A common stock will have been reserved for issuance pursuant to the Plan. On December 31, 2006, options to purchase a total of 12,128,717 shares and Google Stock Units representing the right to acquire 1,771,037 shares of our Class A common stock were outstanding under the Plan. The outstanding stock options had a weighted average exercise price of \$205.58 per share. On December 31, 2006, 6,985,465 shares of our Class A common stock remained available for future issuance under our Plan.

If an award expires or is terminated or canceled without having been exercised or settled in full, or is forfeited back to or repurchased by us, the terminated portion of the award (or forfeited or repurchased shares subject to the award) will become available for future grant or sale under the Plan (unless the Plan has terminated). Shares are not deemed to be issued under the Plan with respect to any portion of an award that is settled in cash or to the extent such shares are withheld in satisfaction of tax withholding obligations. If the

Table of Contents

exercise or purchase price of an award is paid for through the tender of shares, or tax withholding obligations are met through the tender or withholding of shares, those shares tendered or withheld will again be available for issuance under the Plan. However, shares that have actually been transferred to a financial institution or other person or entity selected by the Plan administrator will not be returned to the Plan and will not be available for future distribution under the Plan.

Administration of the Plan. Our board of directors, or one or more committees appointed by our board of directors, will administer our Plan (the administrator). In the case of awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the Committee will consist of two or more outside directors within the meaning of Section 162(m) of the Code to enable us to receive a federal tax deduction for certain compensation paid under the Plan. The administrator has the power to determine the terms of the awards, including the exercise price (which may be changed by the administrator after the date of grant), the number of shares subject to each award (subject to the limits under the Plan), the exercisability of the awards and the form of consideration payable upon exercise. The administrator also has the power to implement an award exchange program, an award transfer program (whereby awards may be transferred to a financial institution or other person or entity selected by the Plan administrator), and a program through which participants may reduce cash compensation payable in exchange for awards, and to create other stock based awards that are valued in whole or in part by reference to (or are otherwise based on) shares of our Class A common stock (or the cash equivalent of such shares).

Eligibility. Nonstatutory stock options, restricted stock, stock appreciation rights, performance units, performance shares, Google Stock Units and other stock based awards may be granted under the Plan to our employees, directors, and consultants, and employees and consultants of any of our parent or subsidiary corporations. Incentive stock options may be granted only to employees. As of December 31, 2006, we had approximately 10,674 employees, eleven directors (including three employee directors) and 4,128 consultants and temporary workers.

Limitations. Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain of our executive officers. In order to preserve our ability to deduct the compensation income associated with certain awards granted to such persons, the Plan provides that no service provider may be granted, in any fiscal year, options and/or stock appreciation rights to purchase more than an aggregate of 1,000,000 shares of Class A common stock and an aggregate of 500,000 restricted stock awards, Google Stock Units, performance units and/or performance shares.

Options. A stock option is the right to purchase shares of our Class A common stock at a fixed exercise price for a fixed period of time. Each option is evidenced by a stock option agreement and is subject to the following terms and conditions:

Number of Options. The administrator will determine the number of shares granted to any eligible individual pursuant to a stock option.

Exercise Price. The administrator will determine the exercise price of options granted under our Plan at the time the options are granted, but with respect to nonstatutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and all incentive stock options, the exercise price generally must be at least equal to the fair market value of our Class A common stock on the date of grant. The exercise price of an incentive stock option granted to a 10% stockholder may not be less than 110% of the fair market value on the date such option is granted. The fair market value of the Class A common stock generally is determined with reference to the closing sale price for the Class A common stock (or the closing bid if no sales were reported) on the day the option is granted. As of December 29, 2006, the closing price of the Class A common stock as reported on The Nasdaq Global Select Market was \$460.48 per share.

Exercise of Option; Form of Consideration. The administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. The means of

Table of Contents

payment for shares issued upon exercise of an option is specified in each option agreement. To the extent permitted by applicable law, the Plan permits payment to be made by cash, check, promissory note, other shares of our Class A common stock (with some restrictions), cashless exercises, a reduction in the amount of our liability to the participant, any combination of the prior methods of payment or any other form of consideration permitted by applicable law.

Term of Option. The term of stock options will be stated in the stock option agreement. However, the term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding capital stock, the term must not exceed five years. No option may be exercised after the expiration of its term.

Termination of Service. After termination of service, an option holder may exercise his or her option for the period of time determined by the administrator and stated in the option agreement. In the absence of a time specified in a participant's award agreement, a participant may exercise the option within three months of such termination, to the extent that the option is vested on the date of termination, (but in no event later than the expiration of the term of such option as set forth in the option agreement), unless such participant's service terminates due to the participant's death or disability, in which case the participant or, if the participant has died, the participant's estate, beneficiary designated in accordance with the administrator's requirements or the person who acquires the right to exercise the option by bequest or inheritance may exercise the option, to the extent the option was vested on the date of termination, within 12 months from the date of such termination.

Nontransferability of Options. Unless otherwise determined by the administrator, options granted under the Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee. However, the administrator may at any time implement an award transfer program (whereby awards may be transferred to a financial institution or other person or entity selected by the Plan administrator).

Stock Appreciation Rights. A stock appreciation right is the right to receive the appreciation in the fair market value of our Class A common stock between the exercise date and the date of grant, for that number of shares of our Class A common stock with respect to which the stock appreciation right is exercised. We may pay the appreciation in either cash, in shares of our Class A common stock with equivalent value, or in some combination, as determined by the administrator. Each award of stock appreciation rights is evidenced by an award agreement specifying the terms and conditions of the award. The administrator determines the exercise price of stock appreciation rights, the vesting schedule and other terms and conditions of stock appreciation rights. The administrator also determines the number of shares granted to a service provider pursuant to a stock appreciation right.

After termination of service, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the award agreement. If no such period of time is stated in a participant's award agreement, a participant will generally be able to exercise his or her stock appreciation right for (i) three months following his or her termination for reasons other than death or disability, and (ii) one year following his or her termination due to death or disability. In no event will a stock appreciation right be exercised later than the expiration of its term.

Restricted Stock. Restricted stock awards are awards of shares of our Class A common stock that vest in accordance with terms and conditions established by the administrator. The administrator may impose whatever conditions to vesting it determines to be appropriate including, if the administrator has determined it is desirable for the award to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, that the restricted stock will vest based on the achievement of performance goals. Each award of restricted stock is evidenced by an award agreement specifying the terms and conditions of the award. The administrator will determine the number of shares of restricted stock granted to any employee. The administrator also determines the purchase price of any grants of restricted stock and, unless the administrator determines otherwise, shares that

Table of Contents

do not vest typically will be subject to forfeiture or to our right of repurchase, which we may exercise upon the voluntary or involuntary termination of the purchaser's service with us for any reason including death or disability.

Google Stock Units. Google Stock Units are awards of restricted stock, performance shares or performance units that are paid out in installments or on a deferred basis. The administrator determines the terms and conditions of Google Stock Units. Each Google Stock Unit award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine in its sole discretion, including, without limitation whatever conditions to vesting it determines to be appropriate. As with awards of restricted stock, performance shares and performance units, the administrator may set restrictions with respect to the Google Stock Units based on the achievement of specific performance goals. The administrator also determines the number of shares granted pursuant to a Google Stock Unit award.

Performance Shares and Performance Units. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. The performance goals may be based upon the achievement of company-wide, divisional or individual goals (including solely continued service), applicable securities laws or other basis determined by the administrator. Payment for performance units and performance shares may be made in cash or in shares of our Class A common stock with equivalent value, or in some combination, as determined by the administrator. Performance units will have an initial dollar value established by the administrator prior to the grant date. Performance shares will have an initial value equal to the fair market value of our Class A common stock on the grant date. The administrator also determines the number of performance shares and performance units granted to any employee. Each performance unit and performance share is evidenced by an award agreement, and is subject to the terms and conditions determined by the administrator.

Other Stock Based Awards. The administrator has the authority to create awards under the Plan in addition to those specifically described in the Plan. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of our Class A common stock (or the cash equivalent of such shares). These awards may be granted either alone, in addition to, or in tandem with, other awards granted under the Plan and/or cash awards made outside the Plan. Each other stock based award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine.

Transferability of Awards. Unless the administrator determines otherwise, our Plan does not allow for the transfer of awards other than by will, by the laws of descent and distribution, or pursuant to an award transfer program which the administrator has reserved the discretion to implement from time to time, and only the participant may exercise an award during his or her lifetime.

Performance Goals. As discussed above, under Section 162(m) of the Code, the annual compensation paid to the chief executive officer, the chief financial officer and each of the other three most highly compensated executive officers (our named executive officers) may not be deductible to the extent it exceeds \$1 million. However, we are able to preserve the deductibility of compensation in excess of \$1 million if the conditions of Section 162(m) of the Code are met. These conditions include stockholder approval of the Plan, setting limits on the number of awards that any individual may receive, and for awards other than options and stock appreciation rights, establishing performance criteria that must be met before the award actually will vest or be paid. The administrator (in its discretion) may make performance goals applicable to a participant. One or more of the following performance goals may apply: annual revenue, cash position, controllable profits, customer satisfaction MBOs, earnings per share, individual objectives, net income, new orders, operating cash flow, operating income, return on assets, return on equity, return on sales, and total stockholder return. The performance goals may differ from participant to participant and from award to award. Any criteria used may be measured, as applicable, in absolute terms or in relative terms (including passage of time and/or against another company or companies), on a per-share basis, against the performance of the company as a whole or any segment of the company, and on a pre-tax or after-tax basis.

Adjustments upon Changes in Capitalization. In the event that our stock changes by reason of any dividend (excluding an ordinary dividend) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of our securities, or other similar change in our capital structure, the administrator will make the adjustments to the number and class of shares of Class A common stock subject to the Plan, the maximum number of shares of Class A common stock that may be issued to any individual in any fiscal year pursuant to awards, and the number, class and price of shares of Class A common stock subject to any outstanding award.

Adjustments upon Liquidation or Dissolution. In the event of our liquidation or dissolution, any unexercised award will terminate. The administrator may, in its sole discretion, provide that each participant will have the right to exercise all or any part of the award, including shares as to which the award would not otherwise be exercisable.

Adjustments upon Merger or Change in Control. Our Plan provides that in the event of a merger with or into another corporation or our change in control, including the sale of all or substantially all of our assets, the successor corporation will assume or substitute an equivalent award for each outstanding award. Unless determined otherwise by the administrator, any outstanding options or stock appreciation rights not assumed or substituted for will be fully vested and exercisable, including as to shares that would not otherwise have been vested and exercisable, for a period of up to 15 days from the date of notice to the holder of such award. The option or stock appreciation right will terminate at the end of such period. Unless determined otherwise by the administrator, any restricted stock, performance shares, performance units, Google Stock Units or other stock based awards not assumed or substituted for will be fully vested as to all of the shares subject to the award, including shares which would not otherwise be vested. In the event an outside director is terminated immediately prior to or following a change in control, other than pursuant to a voluntary resignation, the awards he or she received under the Plan will fully vest and become immediately exercisable.

Amendment and Termination of Our Plan. Our Plan will automatically terminate in 2014, unless we terminate it sooner. In addition, our board of directors has the authority to amend, suspend or terminate our Plan provided it does not adversely affect any award previously granted under our Plan.

Plan Benefits

The amount and timing of awards granted under the Plan are determined in the sole discretion of the administrator and therefore cannot be determined in advance. The future awards that would be received under the Plan by executive officers and other employees are discretionary and are therefore not determinable at this time.

U.S. Federal Income Tax Information

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized

Table of Contents

in connection with an option exercise by an employee is subject to tax withholding. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

Restricted Stock, Google Stock Units, Performance Shares and Performance Units. A participant generally will not have taxable income at the time an award of restricted stock and Google Stock Units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture (e.g., vested). However, a holder of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award less any amount paid for the shares on the date the award is granted.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Our Tax Impact from Awards. We generally will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our named executive officers. Under Section 162(m) of the Code, the annual compensation paid to named executive officers will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Plan and setting limits on the number of awards that any individual may receive per year. The Plan has been designed to permit the administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code, which permits us to continue to receive a federal income tax deduction in connection with such awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF AN INDIVIDUAL'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH ANY ELIGIBLE INDIVIDUAL MAY RESIDE.

Required Vote

Approval of the proposed amended Plan requires the affirmative vote of a majority of the votes cast on the proposal. Unless marked to the contrary, proxies received will be voted FOR approval of an amendment to increase the number of shares issuable under the Plan by 4,500,000 shares.

Recommendation

We believe strongly that the approval of the amendment to the Plan is essential to our continued success. Our employees are one of our most valuable assets. Stock options and other awards such as those provided under the Plan are vital to our ability to attract and retain outstanding and highly skilled individuals. Such awards also are crucial to our ability to motivate employees to achieve our goals. For the reasons stated above

the stockholders are being asked to approve the amendment to the Plan.

Our board of directors recommends a vote FOR the approval of an amendment to increase the number of shares issuable under the Plan by 4,500,000.

PROPOSAL NUMBER 4

APPROVAL OF GOOGLE'S EXECUTIVE BONUS PLAN

We have adopted a new Executive Bonus Plan (the "Bonus Plan"), subject to the approval of the stockholders at the 2007 Annual Meeting. We are asking stockholders to approve the adoption of the Bonus Plan so that we may use the Bonus Plan to achieve our goal of increasing stockholder value and also receive a federal income tax deduction for certain compensation paid under the Bonus Plan. If stockholders do not ratify the adoption of the Bonus Plan, it will not become effective. If that happens, we will not make payments under the Bonus Plan to our Chief Executive Officer, Sergey Brin and Larry Page, who run Google as a triumvirate, as well as each of our Chief Financial Officer and three other most highly compensated executive officers during the fiscal year ended December 31, 2006. We refer to these officers as our named executive officers.

The following paragraphs provide a summary of the principal features of the Bonus Plan and its operation. The Bonus Plan is set forth in its entirety in this proxy statement as Appendix B. The following summary is qualified in its entirety by reference to Appendix B.

Purpose

The purpose of the Bonus Plan is to increase stockholder value and Google's success by motivating key executives to perform to the best of their abilities and to achieve Google's objectives. The Bonus Plan accomplishes this by paying awards only after the achievement of pre-established performance goals.

Eligibility to Participate

The LDC Committee selects the employees of Google (and its affiliates) who will be eligible to receive awards under the Bonus Plan. The actual number of employees who will be eligible to receive an award during any particular year cannot be determined in advance because the LDC Committee has discretion to select the participants.

Maximum Awards and Performance Goals

Each performance period, the LDC Committee assigns each participant a maximum award level and performance goal or goals that must be achieved before an award actually will be paid to the participant. The participant's maximum award may be expressed as a multiple of his or her base salary earned during the applicable performance period, or may be expressed under any other methodology established by the LDC Committee in its sole and absolute discretion. The performance goals require the achievement of objectives for one or more of the following: (i) cash position, (ii) controllable profits, (iii) customer satisfaction management by objectives, (iv) earnings per share, (v) EBITDA, (vi) free cash flow, (vii) net income, (viii) new orders, (ix) operating cash flow, (x) operating income, (xi) return on assets, (xii) return on equity, (xiii) return on sales, (xiv) revenue, and (xv) total shareholder return. Each of these measures is defined in the Bonus Plan. Performance goals may differ from participant-to-participant, from performance period-to-performance period and from award-to-award.

The LDC Committee may choose to set target goals: (i) in absolute terms, (ii) in relative terms (including, but not limited to, the passage of time and/or against other companies or financial metrics), (iii) on a per share and/or per capita basis, (iv) against the performance of Google as a whole or against particular segments or products of Google and/or, (v) on a pre-tax or after-tax basis. The LDC Committee also will determine whether any element(s) will be included in or excluded from the calculations and whether or not such determinations result in any performance goal being measured on a basis other than generally accepted accounting principles. For example, the LDC Committee may decide to ignore the effect of mergers or acquisitions in the calculations. No participant may participate in more than three performance periods at any one time. A performance period shall generally be a fiscal year, but may also be any such other period of time which does not exceed three fiscal years as determined in the sole and absolute discretion of the LDC Committee.

Table of Contents

Actual Awards

After the performance period ends, the LDC Committee certifies in writing the extent to which the pre-established performance goals actually were achieved. The actual award that is payable to a participant is determined using a formula that decreases the participant's maximum award based on the level of actual performance attained. However, the Bonus Plan limits actual awards to a maximum of \$6 million per person for any performance period, even if the pre-established formula otherwise indicates a larger award. The maximum established for the 2007 plan year is \$4.5 million per participant.

The LDC Committee has reserved the discretion to reduce or eliminate any actual award under the Bonus Plan. The LDC Committee is likely to reduce the actual bonus payable to each participant based on objective or subjective factors, including factors that are non-financial and operational in nature. Also, unless determined otherwise by the LDC Committee, a participant will forfeit the bonus if a participant terminates employment before a bonus is paid. However, the LDC Committee has discretion to pay out part or the entire award upon the termination of a participant's employment.

Actual awards are generally paid in cash (or its equivalent) no later than two and one-half months after the performance period ends. However, the Bonus Plan also would allow the LDC Committee to make, in its sole discretion, the actual awards in the form of Google common stock pursuant to Google's stockholder approved equity compensation plans. Although the LDC Committee does not currently intend to do so, the LDC Committee also may pay bonuses to Bonus Plan participants outside of the Bonus Plan for the accomplishment of strategic or other individual goals.

Administration

The LDC Committee administers the Bonus Plan. Members of the LDC Committee must qualify as outside directors under Section 162(m) of the Code. Subject to the terms of the Bonus Plan, the LDC Committee has sole discretion to:

Select the employees who will be eligible to receive awards.

Determine the maximum award for each participant.

Determine the performance goals that must be achieved before any actual awards are paid.

Establish a payout formula to provide for an actual award greater or less than a participant's maximum award to reflect actual performance versus the predetermined performance goals.

Interpret the provisions of the Bonus Plan.

Performance Based Compensation

The Bonus Plan is designed to qualify as performance based compensation under Section 162(m). Under Section 162(m), Google may not receive a federal income tax deduction for compensation paid to the named executive officers to the extent that any of these persons receives more than \$1 million in any one year. However, if Google pays compensation that is performance based under Section 162(m), Google still can receive a federal income tax deduction for the compensation even if it is more than \$1 million during a single year. The Bonus Plan allows Google to pay incentive compensation that is performance based and therefore fully tax deductible on Google's federal income tax return.

Amendment and Termination of the Bonus Plan

The board and the LDC Committee may amend or terminate the plan at any time and for any reason. However, no amendment or termination of the Bonus Plan may impair the rights of a participant with respect to already established maximum awards, unless the participant consents.

Table of Contents**Bonuses to Be Paid to Certain Individuals and Groups**

Awards under the Bonus Plan are determined based on actual future performance. As a result, future actual awards cannot now be determined. The following table sets forth the maximum awards payable under the Bonus Plan which the LDC Committee has approved for the fiscal year 2007, subject to stockholder approval of the Bonus Plan. If our stockholders do not approve the Bonus Plan, we will not make payments under the Bonus Plan to our named executive officers. Actual awards paid, if any, under the Bonus Plan for fiscal year 2007 will be calculated based on actual performance pursuant to the goals established by the LDC Committee. For the 2007 performance period, the LDC Committee selected performance goals based on a formula taking into account the participant's salaries and Google's 2007 non-GAAP operating income. Because our executive officers are eligible to receive awards under the Bonus Plan, our executive officers have an interest in this proposal.

<u>Name of Individual or Group</u>	<u>Maximum Award</u>
Eric Schmidt	\$ 0
Chairman of the Executive Committee and Chief Executive Officer	
Sergey Brin	0
President of Technology	
Larry Page	0
President of Products	
George Reyes	4,500,000

Shona Brown	4,500,000
Senior Vice President, Business Operations	
David Drummond	4,500,000
Senior Vice President, Corporate Development and Chief Legal Officer	
Jonathan Rosenberg	4,500,000
Senior Vice President, Product Management	
All executive officers, as a group	27,000,000
All directors who are not executive officers, as a group ⁽¹⁾	0
All employees who are not executive officers, as a group	0

⁽¹⁾ This group is not eligible to participate in the Bonus Plan.

There can be no assurance that any awards will be paid, and we believe it is unlikely that the maximum payouts will be paid since, similar to our goal-setting for previous years, maximum performance targets reflect significant stretch achievements. The actual award paid, if any, is likely to be lower depending on actual performance compared to the targeted performance goals associated with maximum payout. The Committee also has discretion to further decrease, but not increase, the award otherwise indicated under the pre-established formula. We expect the LDC Committee to exercise this discretion to decrease the amount of the bonus payments for 2007.

Required Vote

Approval of the Bonus Plan requires the affirmative FOR vote of a majority of the votes cast on the proposal. Unless marked to the contrary, proxies received will be voted FOR approval of the Executive Bonus Plan.

Recommendation

We believe strongly that the approval of the Bonus Plan is essential to our continued success. Our executives are one of our most valuable assets. The awards provided under the Bonus Plan are vital to our ability to attract and retain outstanding and highly skilled individuals. For the reasons stated above the stockholders are being asked to approve the Bonus Plan.

Our board of directors recommends a vote FOR the proposal to approve the Executive Bonus Plan.

The Funds' Stockholder Proposal

Internet Censorship

Whereas, freedom of speech and freedom of the press are fundamental human rights, and free use of the Internet is protected in Article 19 of the Universal Declaration of Human Rights, which guarantees freedom to receive and impart information and ideas through any media regardless of frontiers, and

Whereas, the rapid provision of full and uncensored information through the Internet has become a major industry in the United States, and one of its major exports, and

Whereas, political censorship of the Internet degrades the quality of that service and ultimately threatens the integrity and viability of the industry itself, both in the United States and abroad, and

Whereas, some authoritarian foreign governments such as the Governments of Belarus, Burma, China, Cuba, Egypt, Iran, North Korea, Saudi Arabia, Syria, Tunisia, Turkmenistan, Uzbekistan, and Vietnam block, restrict, and monitor the information their citizens attempt to obtain, and

Whereas, technology companies in the United States such as Google, that operate in countries controlled by authoritarian governments have an obligation to comply with the principles of the United Nations Declaration of Human Rights, and

Whereas, technology companies in the United States have failed to develop adequate standards by which they can conduct business with authoritarian governments while protecting human rights to freedom of speech and freedom of expression,

Edgar Filing: Google Inc. - Form DEF 14A

Therefore, be it resolved, that shareholders request that management institute policies to help protect freedom of access to the Internet which would include the following minimum standards:

- 1) Data that can identify individual users should not be hosted in Internet restricting countries, where political speech can be treated as a crime by the legal system.
- 2) The company will not engage in pro-active censorship.
- 3) The company will use all legal means to resist demands for censorship. The company will only comply with such demands if required to do so through legally binding procedures.
- 4) Users will be clearly informed when the company has acceded to legally binding government requests to filter or otherwise censor content that the user is trying to access.
- 5) Users should be informed about the company's data retention practices, and the ways in which their data is shared with third parties.
- 6) The company will document all cases where legally-binding censorship requests have been complied with, and that information will be publicly available.

COMMON STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of March 1, 2007, concerning, except as indicated by the footnotes below:

Each person whom we know beneficially owns more than five percent of our Class A common stock or Class B common stock.

Each of our directors and nominees for the board of directors.

Each of our named executive officers.

All of our directors and executive officers as a group.

Unless otherwise noted below, the address of each beneficial owner listed in the table is c/o Google Inc., 1600 Amphitheatre Parkway, Mountain View, California 94043.

We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 230,521,802 shares of Class A common stock and 80,490,511 shares of Class B common stock outstanding at March 1, 2007. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options or warrants held by that person that are currently exercisable or exercisable within 60 days of March 1, 2007, and common stock issuable upon the vesting of Google Stock Units within 60 days of March 1, 2007, ignoring the withholding of shares of common stock to cover applicable taxes. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an *.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy and Procedure

We review all known relationships and transactions in which Google and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Google's legal staff, in consultation with our finance team, is primarily responsible for developing and implementing processes and controls to obtain information from our directors and executive officers with respect to related-party transactions and then determining, based on the facts and circumstances, whether Google or a related-party has a direct or indirect material interest in these transaction. Members of our legal and finance departments are instructed to inform our legal corporate-securities team of any transaction between a director and executive officer that comes to their attention. On a periodic basis, the legal and finance teams review all transactions involving payments between Google and any company that has a Google executive officer or director as an officer or director. As required under SEC rules, transactions that are determined to be directly or indirectly material to Google or a related-party are disclosed in our proxy statement. In addition, the Audit Committee reviews and approves or ratifies all related-party transactions. As authorized in the Audit Committee's charter, in the course of its review and approval or ratification of a related-party transaction, the committee considers:

the nature of the related party's interest in the transaction.

the material terms of the transaction, including, the amount involved and type of transaction.

the importance of the transaction to the related-party and to Google.

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of Google and our stockholders.

any other matters the committee deems appropriate.

Any member of the Audit Committee who is a related-party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

Since January 1, 2006, we have not been a party to, and we have no plans to be a party to, any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$120,000 and in which any current director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family of any of the foregoing, had or will have a direct or indirect material interest, other than in connection with the transactions described below.

Investor Rights Agreement

Edgar Filing: Google Inc. - Form DEF 14A

We have entered into an investor rights agreement with certain purchasers of our common stock, and certain holders of warrants to purchase our common stock. Certain of our directors, including entities with which they are affiliated, executive officers and holders of 5% of our capital stock are parties to this agreement. Stockholders who are a party to this agreement are provided certain rights to demand registration of shares of common stock and to participate in a registration of our common stock that we may decide to do, from time to time. These registration rights survived our initial public offering and will terminate as to any holder at the later of such time as all of such holders' securities can be sold within a three-month period without compliance with the registration requirements of the Securities Act of 1933 pursuant to Rule 144 and the five-year anniversary of our initial public offering.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Corporate Use of Personal Aircraft

Eric Schmidt has the use of a corporate jet that he makes available from time to time to Apex Aviation Corporation for charters by Apex to its customers. This aircraft has been chartered by Google from time to time and made available to certain of our executive officers for time-critical business trips. We pay Apex \$7,000 per hour for use of this aircraft, which was an hourly reimbursement rate approved by our board of directors based upon a competitive analysis of comparable chartered aircraft and which our board of directors determined was at or below market rates for the charter of similar aircraft. In 2006, we used this aircraft for business-related travel services for certain of our executive officers and we paid Apex approximately \$464,110 in fees through December 31, 2006. Eric has agreed to pay to us any and all annual net profits distributed to him as a result of our charters of this corporate jet.

Payments to Stanford University

In 2006, Google paid approximately \$546,486 to Stanford University. Approximately \$342,000 of these payments related to the license by Stanford of patents, including the PageRank patent, to Google. Approximately \$152,000 of the total amount of payments to Stanford represented donations for scholarships and other philanthropic endeavors. Pursuant to Stanford's standard royalty arrangements with its students who develop patents in the course of their studies at Stanford, Stanford shares a portion of the royalty revenues associated with some of these patent licenses with Larry Page and Sergey Brin. John L. Hennessy, President of Stanford University, is a member of our board of directors. John does not have a direct interest in any of the transactions above.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

Google's compensation programs reflect our philosophy to pay all of our employees, including our executive officers named in the compensation tables below, in ways that support three primary business objectives:

Attract and retain the world's best talent.

Support our culture of innovation and performance.

Align employee interests with stockholder interests in the overall success of Google.

To achieve these objectives for Google's named executive officers, we intend the bulk of their compensation to be at risk with significant upside potential for strong performance as well as downside exposure for underperformance. We measure both individual and company performance annually, and reward executives accordingly. We believe this is appropriate given their ability to influence Google's overall performance.

Although we intend for performance-based incentives and rewards to be substantial when warranted, these incentives are secondary to career growth, work environment and engaging work opportunities. We seek to develop a highly-motivated and collaborative workforce that pursues achievements for the sake of progress and innovation before individual gain. When Google and individual executives achieve our goals, we ensure that appropriately significant economic rewards follow.

Eric, Larry and Sergey voluntarily receive only nominal cash compensation. Their primary compensation continues to come from returns on their ownership stakes in Google. As significant stockholders, their personal wealth is tied directly to sustained stock price appreciation and performance, which provides direct alignment with stockholder interests.

We review our compensation philosophy and practices, including for our named executive officers, with the LDC Committee on an ongoing basis so that the LDC Committee can recommend changes, if needed, to keep them aligned with our business objectives. Each member of our LDC Committee is an outside director as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, and a non-employee director within the meaning of Rule 16b-3 of the rules under the Securities Exchange Act of 1934. Our board of directors has determined that each of the directors serving on our Leadership Development and Compensation Committee is independent as defined in the marketplace rules of The Nasdaq Stock Market. The LDC Committee oversees all of our executive compensation programs and operates under a written charter.

Comparative Framework

Edgar Filing: Google Inc. - Form DEF 14A

Google aligns both its cash and equity compensation to market comparables. We analyze market pay rates annually using the most directly-relevant published survey sources available, including surveys from Radford, Towers Perrin, and ICR. In addition, we analyze information reported in our peer companies' SEC filings for all direct pay elements, including salary, cash incentives and equity. For our named executive officers in 2006, we considered peers to be companies that met at least two of the following criteria:

High-technology company.

Key labor market competitor (e.g., Microsoft, Yahoo, Amazon, eBay).

Deep engineering organizations (e.g., software/software services, internet).

Top market share in sector (Blue Chip).

Against this set of peer companies, Google set its 2006 annual salary and target bonus opportunities below the 25th percentile with the intent that above-target performance would yield 50th percentile actual total cash. In addition, we anticipated that gains realized or realizable from previous equity grants would make total compensation competitive with market.

As Google has grown, the set of companies that we consider to be relevant peer comparables has changed. Beginning with the 2007 calendar year, we consider companies that meet at least three of the following criteria to be relevant peer comparables:

High-technology company.

Key labor market competitor (e.g., Microsoft, Yahoo, Amazon, eBay).

Table of Contents

High-growth, with a minimum of 25% revenue and/or headcount growth over the previous two years.

\$10 billion or more in annual revenues.

\$50 billion or more market capitalization.

The following companies met these criteria (reported fiscal year data reflect available data at the time we completed our analysis):

Against this set of generally larger peer companies than last year, our executive cash compensation was even less competitive since pay tends to be higher at larger companies. To address this, we increased executive officer cash compensation levels for 2007, other than for Eric, Larry and Sergey, to better reflect the competitive opportunities that Google executives have and help attract and retain senior-level executives.

Elements of Compensation

Our named executive officer compensation program includes three main elements:

Base salary.

Edgar Filing: Google Inc. - Form DEF 14A

Cash bonuses.

Stock-based incentives in the form of stock options and restricted Google Stock Units (GSUs)

In 2007 we intend to align our named executive officer compensation against the market as follows:

2007 Base Salary

50th percentile

2007 Target Total Cash

75th percentile

2007 Target Equity

90th percentile

Prior to 2007, our named executives generally had very large unvested gains from their pre-IPO equity grants and therefore we believed it was appropriate to keep cash compensation below market standards as we

Table of Contents

relied on their equity vesting to provide the majority of their compensation. Our named executives have now more fully vested in their pre-IPO stock option grants and therefore we believe it is appropriate to increase their cash compensation and grant new equity awards to more closely reflect the practices of our peer group.

Pay Mix

In 2006, we awarded cash bonuses to named executives but made no additional equity grants. We structured cash bonuses to represent approximately 75-85% of each executive's total cash compensation, depending on performance.

For 2007, we increased cash compensation and awarded new equity compensation grants to our named executive officers, other than Eric, Larry and Sergey, in consideration of their approaching full vesting dates of their pre-IPO stock option grants. We intend for the 2007 cash bonus to represent approximately 10-20% of total compensation and the new equity compensation to represent approximately 70-90% of total compensation, based on the full unamortized accounting fair value of equity grants.

Role of Executives in Determining Compensation

Our Senior Vice President of Business Operations and our Chief Executive Officer, together with the LDC Committee and an outside advisor, review assessments of executive compensation practices at least annually against our defined comparative framework. Eric, our CEO, makes recommendations to the LDC Committee with the intent of keeping Google's executive officer pay practices aligned with our intended pay philosophy, but the LDC Committee must approve any changes before they are made.

Individual Performance Measurement. At the beginning of 2006, our named executive officers, other than Eric, Larry and Sergey, drafted their own performance goals, including operational, growth, and leadership goals for the organizations they manage, and agreed on them with Eric. At the end of the year, Eric assessed each executive's performance against their pre-established goals and provided the LDC Committee with a performance appraisal, which included a performance rating. The LDC Committee used this assessment to inform its discretion in determining the individual component of the cash bonus as well as the 2006 discretionary bonus, described below. In addition, all of our named executive officers, including Eric, Larry and Sergey, met with an external board advisor from time to time to discuss performance and compensation issues.

Company Performance Measurement. Our Senior Vice President of Business Operations and Chief Executive Officer, upon consultation with the LDC Committee and an outside advisor, proposed bonus funding metrics for our executive officer bonus plan for 2006. The proposed company performance metrics were based on non-GAAP operating income. Non-GAAP operating income consisted of GAAP income excluding stock-based compensation expense, intellectual property research and development expenses and contributions to the Google Foundation. The LDC Committee reviewed and approved the proposed performance metrics based on its assessment that the proposed goals were reasonable and aligned with stockholder interests.

Base Salary

Edgar Filing: Google Inc. - Form DEF 14A

We view named executive officer base salaries as a tool that provides executives with a reasonable base level of monthly income relative to the jobs they are doing and market-competitive salaries. In 2004, Eric, Sergey and Larry requested that their salaries each be reduced to \$1 per year. However, due their strong leadership and Google's strong overall performance, we offered each of them market-competitive salaries at the beginning of each of 2005, 2006, and 2007. Due to their own preferences not to receive salary compensation, Eric, Sergey and Larry each rejected these offers and continue to receive base salaries of \$1.

We establish base salaries for our other named executives based on the scope of their responsibilities and market data. We review salaries annually and may adjust them from time to time if needed to reflect changes in

Table of Contents

market conditions. Although we generally differentiate salaries by role and by individual for most positions at Google, given the similar scope of their overall organizational leadership responsibilities across Google, we continue our practice of not differentiating salaries of the named executive officers, other than Eric, Larry and Sergey. To determine salary recommendations for each executive, the CEO reviews the market data discussed above with Larry, Sergey, and an outside advisor and makes a recommendation to the LDC Committee for review and then to the board of directors for final approval.

For 2007, we increased the salary of each of our named executive officers, other than Eric, Larry and Sergey, with unanimous LDC Committee and board of directors approval from \$250,000 to \$450,000. In increasing these salaries, we reviewed and analyzed the compensation of executives among the 14 relevant peer companies shown above as well as data reported in the survey sources identified above.

Cash Incentives

Executive Bonus Plan. Our 2006 executive bonus plan provided an annual variable cash incentive designed to motivate participants to achieve our financial and other performance objectives and reward executives for their achievements when those objectives are met. All of our named executive officers, other than Eric, Larry and Sergey, participated in the 2006 executive bonus plan. Since 2004, the LDC Committee has offered Eric, Larry and Sergey the opportunity to participate in each year's executive bonus plan, but they have declined to participate. The bonuses paid for 2006 to our named executive officers under the 2006 executive bonus plan as well as the 2006 discretionary bonus, described below, appear in the table below as well as the Summary Compensation Table under the "Non-Equity Incentive Plan Compensation" column.

We calculate bonuses using the following formula:

$$\begin{array}{ccccccc} \text{Annual Salary} & \times & \text{Bonus Percentage} & \times & \text{Individual Multiplier} & \times & \text{Company Multiplier} & = & \text{Bonus Payout} \end{array}$$

In 2006, the Annual Salary for each participating named executive was \$250,000 and the Bonus Percentage was 140%. The Individual and Company Multipliers are each derived based on performance and are equally weighted. The Individual Multiplier reflects each Executive's individual performance and is determined at the LDC Committee's discretion based on the Individual Performance Measurement process described above. Individual performance that meets target expectations yields a 100% multiplier. The Company Multiplier was determined based on pre-established non-GAAP operating income objectives as described in the Company Performance Measurement process above. The Company Multiplier is the same for all participants, and performance that meets threshold expectations also yields a 100% multiplier.

If both the individual and company performance met target expectations, then the bonus would have been 1.4 times salary. Actual bonuses can range from zero to a maximum of ten times salary under the 2006 plan, based on performance. Over the past three years, actual payouts to named executives have ranged from 3.0 to 4.5 times salary based on Google's strong performance against our financial goals and our executives strong performance meeting their individual goals.

While performance targets are established at levels that are intended to be achievable for both the Company Multiplier and the Individual Multiplier, a maximum bonus payout would require very high levels of both individual and company performance which we believe are possible but highly unlikely to be achieved. In the three years of operating the executive bonus plan, we have not paid the maximum amount to an

Edgar Filing: Google Inc. - Form DEF 14A

executive. Generally, the LDC Committee sets the target and maximum performance requirements such that relative difficulty of achievement is consistent from year to year.

Table of Contents

Once the LDC Committee finalized the performance goals, it had no discretion to modify them. However, the board of directors does retain authority to pay additional discretionary bonuses outside the executive bonus plan if warranted by performance not measured under the plan. On January 30, 2007, our board of directors approved such a discretionary bonus payment to our executive officers in recognition of our executive officers' contributions to our performance in 2006. These additional discretionary payments were allocated to our named executive officers proportionally to the executive bonus plan bonuses as shown in the table below:

Executive	2006 Plan and Discretionary Bonus Compensation		
	Formula Executive Plan Bonus	Discretionary Supplemental Bonus	Total Executive Plan Bonus & Discretionary Bonus
Eric Schmidt			
Larry Page			
Sergey Brin			
George Reyes	\$ 764,367	\$ 169,496	\$ 933,863
Shona Brown	764,367	169,496	933,863
Jonathan Rosenberg	927,000	205,560	1,132,559
David Drummond	764,367	169,496	933,863

Holiday Bonus. In 2006, Google paid each of its employees, including Eric, Larry, Sergey, and other named executives, a holiday bonus, which generally represented \$1,000 net of tax withholding for each employee.

Discretionary Bonus Payments. Our board of directors may award discretionary bonuses in addition to the incentive bonuses under our executive bonus plan as described above. In January 2007, our board of directors approved the discretionary bonus payment described above to our named executive officers, excluding Eric, Sergey and Larry in recognition of their contributions to our performance in 2006.

Equity Compensation

We use equity compensation to align our named executive officers' interests with those of our stockholders and attract and retain high-caliber executives through recognition of anticipated future performance. Under our 2004 Stock Plan, we can grant stock options, restricted stock units (which we refer to as Google Stock Units or GSUs), restricted stock, and other equity awards to employees, including our named executives.

From our initial public offering through the beginning of 2007, we granted no equity awards to our named executive officers. However, since the majority of the named executive officers' previous equity grants will finish vesting in 2007, we made supplemental equity grants to these executives, other than Eric, Larry and Sergey, in early 2007 to meet our retention objectives and maintain our target market alignment for total compensation for these executives. We granted each named executive stock options and Google Stock Units in the ratio of two stock options for each GSU. We believe this ratio offers an appropriate balance between a leveraged upside opportunity and a reliable level of income. Beginning in 2008, we will consider making equity grants annually to our named executive officers with the magnitude of those grants determined to meet our retention objectives and maintain our target market alignment. We will determine grant amounts by reviewing competitive market data, individual performance assessments and business objectives with the LDC Committee annually.

Eric, Larry, and Sergey do not currently hold any stock options, and all of their stock holdings are fully vested. They have requested not to be considered for additional equity grants in 2007. The LDC Committee will continue to review their compensation opportunities on an ongoing basis and recommend changes, if needed, to maintain alignment with business objectives.

Table of Contents*Timing of Equity Grants*

Pursuant to a policy adopted by the LDC Committee in 2005, the effective grant date for all equity awards to executives, members of our board of directors and non-employee advisors is the first business day of the month following the date on which the LDC Committee approves the grant, unless otherwise specified by our board of directors or the LDC Committee. For other employees, equity grants are effective on the date they are approved by the LDC Committee or its designee. All stock option grants to named executive officers are granted with an exercise price equal to or above the fair market value of the underlying stock on the date of grant. The LDC Committee does not grant equity compensation awards in anticipation of the release of material nonpublic information. Similarly, Google does not time the release of material nonpublic information based on equity award grant dates.

Stock Ownership Guidelines

The board of directors has adopted stock ownership guidelines to align our named executives' interests with those of our shareholders. The guidelines provide that each executive officer must own at least 500 shares of common stock of Google within two years after becoming an executive officer. Google also has an insider trading policy which, among other things, prohibits employees from hedging the economic risk of their ownership.

Post-Employment and Change of Control Payments

We have no agreements with any of our executive officers that provide for additional or accelerated compensation on the termination of the executive's employment or a change of control of Google, except as set forth below.

Upon a change of control of Google and unless our board of directors or LDC Committee determines otherwise, if the successor corporation refuses to assume or substitute the options held by our employees, including our named executive officers, these options will fully vest. The table below shows our estimates of the amount of the benefit each of our named executive officers would have received if the options held by them as of December 29, 2006 had become fully vested as a result of a change of control. The estimated amount of benefit was calculated by multiplying the number of unvested options held by the applicable named executive officer by the difference between the closing price of our Class A common stock on December 29, 2006, which was \$460.48, and the exercise price of the option.

Name	Number of Unvested Options at December 31, 2006 (#)	Estimated Benefit (\$)

Sergey Brin		
Larry Page		
George Reyes	51,750	\$ 23,571,090
Shona Brown	48,767	21,620,647

Jonathan Rosenberg	58,500	26,645,580

162(m) Tax Deductibility

Internal Revenue Code Section 162(m) precludes us from deducting certain forms of non-performance-based compensation in excess of \$1,000,000 to named executive officers. In 2006, we exceeded the \$1,000,000 limit for certain executives. In 2007, Google has designed the executive bonus plan so that the payments made under it are eligible for deduction, subject to approval of the executive bonus plan by our stockholders at the 2007 annual meeting. See Proposal No. 4. In addition, the option awards, but not the Google Stock Units, granted to our named executive officers in 2007 are performance based and therefore Google will generally be entitled to deduct an amount equal to the amount of taxable income attributed to our named executive officers when they exercise these options.

Table of Contents

Perquisites and Other Benefits

Our named executives, like our other employees, participate in various employee benefit plans, including medical and dental care plans; flexible spending accounts for healthcare; life, accidental death and dismemberment and disability insurance; employee assistance programs (confidential counseling); benefit advocacy counseling; and paid time off.

In addition, we maintain a 401(k) retirement savings plan for the benefit of all of our employees, including our named executives other than Eric, Larry, and Sergey. In 2006, Google provided a company match of up to \$2,200 per employee, which executives also were able to receive. Google's company match is fully vested to all employees, including executives, at the time of contribution. As is the case with all employees, named executives are not taxed on their contributions to the 401(k) Plan or earnings on those contributions until they receive distributions from the 401(k) Plan, and all Google contributions are deductible by us when made.

On certain occasions in 2006, a friend or family member accompanied Eric on a chartered flight, filling an otherwise vacant seat on the chartered flight with minimal additional cost to Google other than a tax gross-up payment we made to Eric. Google also pays for the personal security, personal travel logistics and personal travel using rental vehicles for some of our named executives. In addition, we paid life insurance premiums for the benefit of our named executive officers, other than Eric, Larry and Sergey.

We annually review the perquisites that named executive officers receive.

No Additional Executive Benefit Plans

Since we do not generally differentiate the benefits we offer our named executives from the benefits we offer our other employees, we also do not maintain any executive retirement programs such as executive pension plans, deferred compensation plans, or other executive retirement benefits.

Leadership Development and Compensation Committee Report

The LDC Committee has reviewed the Compensation Discussion and Analysis and discussed that Analysis with management. Based on its review and discussions with management, the LDC Committee recommended to our board of directors that the Compensation Discussion and Analysis be included in the company's Annual Report on Form 10-K for 2006 and the company's 2007 proxy statement. (1) The amounts in the bonus column consist of the holiday bonus, which generally represented \$1,000 net of tax withholding for each employee, and a discretionary bonus payment.

(2) The amounts in the option awards column reflect the accounting charge taken in 2006 for awards made prior to 2006, disregarding an estimate of forfeitures related to service-based vesting conditions, and are not necessarily an indication of which executives received the most gains from previously-granted equity awards. Some of our executive officers who joined Google before Shona Brown, David Drummond and Jonathan Rosenberg realized greater gains from previously-granted equity awards in 2006, but those awards resulted in little or no accounting charge in 2006. Accounting costs are determined, as required, under Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123(R), Share-Based Payment. For a more detailed discussion on the valuation model and assumptions used to calculate the fair value of our options, refer to note 11 of our 2006 Annual Report on Form 10-K filed on March 1, 2007.

5. Eligibility. Nonstatutory Stock Options, Restricted Stock, Stock Appreciation Rights, Performance Units, Performance Shares, Restricted Stock Units and Other Stock Based Awards may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Limitations.

(a) ISO \$100,000 Rule. Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b) No Rights as a Service Provider. Neither the Plan nor any Award shall confer upon a Participant any right with respect to continuing his or her relationship as a Service Provider, nor shall they interfere in any way with the right of the Participant or the right of the Company or its Parent or Subsidiaries to terminate such relationship at any time, with or without cause.

(c) 162(m) Limitation. The following limitations shall apply to Awards under the Plan:

(i) Option and SAR Share Annual Limit. No Service Provider will be granted, in any Fiscal Year, Options and/or SARs to purchase more than 1,000,000 Shares.

(ii) Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares Annual Limit. No Service Provider will be granted, in any Fiscal Year, Restricted Stock, Restricted Stock Units, Performance Units and/or Performance Shares to purchase more than 500,000 Shares.

(iii) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock Units, Restricted Stock, Performance Shares or Performance Units to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock Units, Restricted Stock, Performance Shares or Performance Units which are intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

(iv) The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15 of the Plan.

Edgar Filing: Google Inc. - Form DEF 14A

(v) If an Award is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 15 of the Plan), the cancelled Award will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. Stock Options.

(a) Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of

the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(i) Exercise Price. The per Share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

(1) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Incentive Stock Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(c) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of:

(i) cash;

(ii) check;

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(d) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Awarded Stock, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan or the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan on the date one (1) month following the Participant's death. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse 100%, and that any Award vesting shall accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

SECTION 3

SELECTION OF PARTICIPANTS AND DETERMINATION OF AWARDS

3.1 Selection of Participants. The Committee, in its sole discretion, shall select the Employees who shall be Participants for any Performance Period. The Committee, in its sole discretion, also may designate as Participants one or more individuals (by name or position) who are expected to become Employees during a Performance Period. Participation in the Plan is in the sole discretion of the Committee, and on a Performance Period by Performance Period basis. Accordingly, an Employee who is a Participant for a given Performance Period in no way is guaranteed or assured of being selected for participation in any subsequent Performance Period.

3.2 Determination of Performance Goals. The Committee, in its sole discretion, shall establish the Performance Goals for all eligible Participants for the Performance Period. Such Performance Goals shall be set forth in writing.

3.3 Determination of Target Awards. The Committee, in its sole discretion, shall establish a Target Award for each Participant. Each Participant's Target Award shall be determined by the Committee in its sole discretion, and each Target Award shall be set forth in writing.

3.4 Determination of Payout Formula or Formulae. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish a Payout Formula or Formulae for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Performance Period are achieved, and (d) provide for an Actual Award greater than or less than the Participant's Target Award, depending upon the extent to which actual performance exceeds or falls below the Performance Goals. Notwithstanding the preceding, in no event shall a Participant's Actual Award for any Performance Period exceed his or her Maximum Award.

3.5 Date for Determinations. The Committee shall make all determinations under Sections 3.1 through 3.4 on or before the Determination Date.

3.6 **Determination of Actual Awards.** After the end of each Performance Period, the Committee shall certify in writing the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded. The Actual Award for each Participant shall be determined by applying the Payout Formula to the level of actual performance that has been certified by the Committee. Notwithstanding any contrary provision of the Plan, the Committee, in its sole discretion, may (a) eliminate or reduce the Actual Award payable to any Participant below that which otherwise would be payable under the Payout Formula, including discretion that is exercised through the establishment of additional objective or subjective goals, and (b) determine whether or not a Participant will receive an Actual Award in the event the Participant incurs a Termination of Employment prior to the date the Actual Award is to be paid pursuant Section 4.2 below.

SECTION 4

PAYMENT OF AWARDS

4.1 **Right to Receive Payment.** Each Actual Award that may become payable under the Plan shall be paid solely from the general assets of the Company or the Affiliate that employs the Participant (as the case may be), as determined by the Committee. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Actual Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled.

4.2 **Timing of Payment.** Subject to Section 3.6, payment of each Actual Award shall be made as soon as administratively practicable, however, in the case of any Performance Period based on a Fiscal Year, in no event later than March 15th of the year following the end of the applicable Performance Period.

4.3 **Form of Payment.** Each Actual Award normally shall be paid in cash (or its equivalent) in a single lump sum (unless such amounts are otherwise deferred under a deferral election made in compliance with section 409A of the Code). However, the Committee, in its sole discretion, may declare any Actual Award, in whole or in part, payable in restricted stock or restricted stock units granted under the Company's 2004 Stock Plan, or any such other shareholder approved equity compensation plan. The number of Shares of restricted stock or restricted stock units granted shall be determined by dividing the cash amount foregone by the fair market value of a Share on the date that the cash payment otherwise would have been made, rounded up to the nearest whole number of Shares. For this purpose, fair market value shall mean the closing price on the Nasdaq Global Select Market for the day in question. Any restricted stock or restricted stock unit so awarded shall be either (a) vested immediately or (b) be subject to such additional vesting over a period of not more than four years, and/or be subject to additional vesting conditions, including specifically additional Performance Goals, as determined by the Committee in its discretion. The number of Shares of restricted stock or restricted stock units granted pursuant to this Section 4.3 may be increased or decreased if such new award is granted by the Committee subject to Performance Goals and such increase or decrease otherwise meets the performance-based compensation requirements of section 162(m) of the Code.

4.4 **Payment in the Event of Death or Disability.** If a Participant dies, or is determined to have a Disability, prior to the payment of an Actual Award that was scheduled to be paid to him or her prior to death, or the determination of a Disability, for a prior Performance Period, the Award shall be paid, in the case of death, to his or her estate, and in the case of Disability, to the Participant or any other person authorized under applicable law.

SECTION 5

ADMINISTRATION

5.1 Committee is the Administrator. The Plan shall be administered by the Committee. The Committee shall consist of not less than two (2) members of the Board. The members of the Committee shall be appointed from time to time by, and serve at the pleasure of, the Board. Each member of the Committee shall qualify as an outside director under section 162(m) of the Code. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify. As of the Effective Date of the Plan, the Plan shall be administered by the Leadership Development and Compensation Committee of the Board.

5.2 Committee Authority. It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees shall be granted awards, (b) prescribe the terms and conditions of awards, (c) interpret the Plan and the awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside of the United States, (e) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (f) interpret, amend or revoke any such rules.

5.3 Decisions Binding. All determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

5.4 Delegation by the Committee. The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; provided, however, that the Committee may not delegate its authority and/or powers with respect to awards that are intended to qualify as performance-based compensation under section 162(m) of the Code.

SECTION 6

GENERAL PROVISIONS

6.1 Tax Withholding. The Company or an Affiliate, as determined by the Committee, shall withhold all applicable taxes from any Actual Award, including any federal, state and local taxes (including, but not limited to, the Participant's FICA and SDI obligations).

6.2 No Effect on Employment. Nothing in the Plan shall interfere with or limit in any way the right of the Company or an Affiliate, as applicable, to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment. Employment with the Company and its Affiliates is on an at-will basis only. The Company expressly reserves the right, which

may be exercised at any time and without regard to when during or after a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 Participation. No Employee shall have the right to be selected to receive an award under this Plan, or, having been so selected, to be selected to receive a future award.

6.4 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense

that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

6.5 **Successors**. All obligations of the Company and any Affiliate under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company and/or such Affiliate, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company or such Affiliate.

6.6 **Beneficiary Designations**. If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

6.7 **Nontransferability of Awards**. No award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or to the limited extent provided in Section 6.6. All rights with respect to an award granted to a Participant shall be available during his or her lifetime only to the Participant.

6.8 **Deferrals**. The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash that would otherwise be delivered to a Participant under the Plan. Any such deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

SECTION 7

AMENDMENT, TERMINATION AND DURATION

7.1 **Amendment, Suspension or Termination**. The Board or the Committee, each in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Target Award theretofore granted to such Participant. No award may be granted during any period of suspension or after termination of the Plan.

7.2 **Duration of the Plan**. The Plan shall commence on the date specified herein, and subject to Section 7.1 (regarding the Board or the Committee's right to amend or terminate the Plan), shall remain in effect thereafter.

8.1 Section 162(m) Conditions; Bifurcation of Plan. It is the intent of the Company that the Plan and the awards under the Plan to Participants who are or may become persons whose compensation is subject to section 162(m) of the Code, satisfy any applicable requirements of section 162(m) of the Code. Any provision, application or interpretation of the Plan inconsistent with this intent shall be disregarded. The provisions of the Plan may be bifurcated by the Board or the Committee at any time so that certain provisions of the Plan, or any award, required in order to satisfy the requirements of section 162(m) of the Code are only applicable to Participants whose compensation is subject to section 162(m) of the Code.

8.5 Governing Law. The Plan and all awards shall be construed in accordance with and governed by the laws of the State of California, but without regard to its conflict of law provisions.
